Summary

Full Stack Developer with a strong experience in designing and building end-to-end web applications. Completed multiple real-world projects using modern stacks with React, Node.js, and Django, involving RESTful APIs, user authentication, and database integration (PostgreSQL/MySQL). Proficient in both front-end and back-end technologies, version control (Git), and cloud deployment. Known for writing clean, efficient code and delivering responsive, user-friendly solutions. Seeking to apply my full-stack expertise and project experience in a dynamic, growth-focused tech environment.

Experience

Cyber Security Intern

Interns Forge, Bengaluru

August 2025 -Present

- Collaborated with industry professionals to gain practical experience in cybersecurity, focusing on real-world applications and solutions.
- Enhanced technical and analytical skills through hands-on projects, guided mentorship, and exposure to industry tools and best practices.

Projects

Career Companion System

Full-stack web application for job seekers that uses machine learning to recommend personalized career paths and job opportunities based on user profiles and preferences.

E-commerce Web Application

Created a Node.js express app with user authentication, product browsing, shopping cart, and a basic checkout system.

Skills

Programming

Python, C, JavaScript, C++,
SQL, NoSQL

Version Control

Git, GitHub

Web Development

HTML, CSS, React, Node.js-Express

API Development

RESTful APIs

Database Management

MySQL, MongoDB, PostgreSQL

Tools & Platforms

GitHub, Postman, VS Code Jupiter
Notebook, Collab

Certifications

- **Machine Learning with Python**
Issued by Cognitive Class (IBM initiative) | Based on practical applications of Machine Learning with Python
- **Python for Beginners**
Issued by Simplilearn | Covered fundamentals of Python programming, including syntax, data types, control structures, and basic problem-solving techniques
- **Rapid Development for AI Services**
Issued by IBM Developer Skills Network. Focused on building efficient and scalable AI-driven solutions
- **Introduction to Cyber security**
Issued by Cisco Networking Academy | Based on Introduction to Cybersecurity: Fundamentals of Cybersecurity and Threat Protection

Education

Bachelor of Engineering (B.E.)

Course: Information Science and Engineering

2022 – Present

College: Yenepoya Institute of Technology | University: VTU | CGPA: 7.02

Higher Secondary Education

Stream: Science | Board: Board of Higher Secondary Examination Kerala

2020 – 2022

Grade: 84%

Secondary School

Board: Board of Public Examination Kerala

2019 – 2020

Grade: 86%
